### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Anthony Campbell on March 31, 2004.

The application has been amended as follows:

Claim 4: replace "device" at both occurrences with - -kit- - and replace "1" with - -12- -

Claim 9, replace "device" in line 1 with - -kit- - and replace "1" with - -4- -

Cancel Claim 20

2. The following is an examiner's statement of reasons for allowance: the closest prior art of record is considered to be Sheraski, US Patent 2,483,787. Sheraski discloses a knock-down box structure for fishing. Sheraski however does not disclose the use of dados as the interconnecting means, the mating locking assembly nor the use of dual sliding upper panels. While Mueller, US Patent 3,362,564 teaches the use of a sliding lid cover and Kurrels discloses the use of a strap surrounding a kit, there is not a sufficient teaching to make obvious the deficiencies found in Sheraski to make the claimed invention obvious to one having ordinary skill in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
